INDUSTRY 4.0

MD2 – DOT PEEN MARKING

MD2 - Dot Peen marking machine offers method for economic and permanent marking for round items like tubes and hydraulic Hose Assemblies.

MD2 provides tamper-proof marking which is ideal for harshworking conditions such as mining, earth moving and agriculture.

MD2 can be operated independently or directly from crimping machine ICC-control.

TECHNICAL DATA	
Max item diameter (mm/inch)	180 / 7
Marking area (mm/inch)	50x90/1.97x3.54
Marking depth (steel) (mm/inch)	0.5/0.02
Marking speed (char/sec)	3
Connectivity	USB, Ethernet, ICC, BCR
Air pressure (bar/psi)	3-8 / 44-116
Materials	Metals, hard plastics, alloys, burnished metals, wood, paper, glass
Marking possibilities	Text, logos, pictures, lines, arcs, serial number generator, excell files, QR-codes, datamatrix, DXF-files
Electrical connection	110-240V / 50Hz-60Hz / 1-phase. Delivered with European Schuko plug. Can be used with adapter or replaced by local plug.
DIMENSIONS (LxWxH)	
824x744x1557 (mm)	32.5x29.3x61.3 (inch)
WEIGHT (KG/LBS)	
180/397	

Power supply cable not included.

OPTIONS
Foot Pedal
Bar Code Reader BCR

MARKING SOLUTIONS FOR
Product identification
OEM spare part identification
Product item codes and traceability
Serial numbering with manufacturing date
Quality assurance and inspection
